

NCITE Geometric Design Committee

11/21/2017 Meeting Minutes

8:30 AM – 11:00 AM

Location: HDR Engineering, Inc.
701 Xenia Ave., Suite #600
Minneapolis, MN 55416

Committee Chair:

Tom Jantscher, HR Green, Inc.
651-695-7769
tjantscher@hrgreen.com

Committee Co-Chair:

(vacant)

Meeting Minutes:

- I. Viewed the presentation of the "We Are the Champions: Roundabouts of the Future" session from the Joint ITE/CITE 2017 Annual Meeting and Exhibit in Toronto last July/August (1 hour 41 minutes). Details of the session can be found here: <https://www.pathlms.com/ite/courses/5146/sections/7695>.
- II. Follow-up discussion (~20 minutes)
 - Interesting application of 270-degree right-turn through roundabout.
 - Reducing five- or six-legged intersections to four lanes for roundabout even though RAB could handle that many legs.
 - Lane adding/dropping through roundabouts.
- III. Next Meeting: TBD.
